

HOW CAN I HELP?

"How can I help" is a question a lot of our customers ask. Our TLC 2010 catalogue has a whole section in the index under the word "Recycled" as well as showing the "Remarkable range" (also in the index) which have items made from recycled goods. For example, the "Remarkable Flat Rulers" shown on page 124, are made from recycled CD cases! Other items in the catalogue that help the environment are shown

with the recycled logo so look out for them.

XMAS COMPETITION

During the month of December, up to 23rd we gave away raffle tickets to customers who ordered over £50 worth of goods. We have held the Draw and the lucky winners are:

1st: 236 Green	6th: 65 Green
2nd: 491 Green	7th: 352 Green
3rd: 13 White	8th: 412 Green
4th: 106 Green	
5th: 21 Green	

Remember, we don't know who holds which ticket - SO—it's up to you to call us to claim your prize if you are a lucky winner

RECYCLED CARTRIDGES

You probably already know that TLC gave a cheque to support the Yorkshire Air Ambulance after raising the money by collecting and

recycling customers' old toner cartridges. Sandra Lawrence, the MD of our Company says *"Cartridge recycling has always been a keen target for our Company. Not only does it raise money for worthwhile charities, it also helps to save the environment by avoiding overburdening landfill sites and causing pollution. We try to select charities that cover the whole area that we serve so that everyone feels that it is fair—after all—if it wasn't for our customers there wouldn't be any money raised to give."* We are continuing to collect your old cartridges to raise money for good causes. If YOU have any that need collecting JUST RING—we'll be pleased to hear from you.

ORGANIC OR WHAT

A woman called her husband during the day and asked him to pick up some organic vegetables for that night's

dinner on his way home. The husband arrived at the supermarket and began to search all over for organic vegetables before finally asking a male assistant where they were. The man didn't know what he was talking about, so the husband said: "These vegetables are for my wife. Have they been sprayed with poisonous chemicals?" To which the assistant replied, "No, sir, you will have to do that yourself."

TLC GREETINGS

'A Happy New Year' to everyone— We hope the year 2010 will be good to us all

AND FINALLY...

Did you know that the energy used in the average home emits more harmful CO₂ than the average car? - That's probably because, at home your battery doesn't run flat if anyone leaves the lights on!!
